Arthur W. Hodgen	Wilfrid S. Pellerin
Leo A. LeMire	Horace D. Stearns
Erland B. Lyford	J. Victor Tuttle
Whitney M. Frye	Bertus H. Wright

## **WARRANT FOR ANNUAL TOWN MEETING AND DIRECT PRIMARY**

To the Inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire,  
qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton, on Tuesday, the tenth (10th) day of March next, at nine o'clock in the forenoon, to choose all necessary town officers, and at 10:30 a. m. to act upon the following subjects:

1. To hear the reports of the Town Officers, Agents and Committees and pass any vote relating thereto.

2. To see if the Town will grant the free use of the town hall for Bent-Burke Post No. 10 American Legion for Memorial Day exercises.

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

4. To see what action the Town will take in regard to real estate taken over by the Town for non-payment of taxes.

5. To see if the Town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.

6. To see if the Town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

7. To see if the Town will vote to authorize the Tax Collector to charge an additional amount of twenty cents on each Poll Tax not paid by September 1st, for use of the Town as provided by statute.

8. To see if the Town will vote to name the road from Isaac Frye Highway by residence of Charles Frye to Abbot Hill Road, "Gage Road". Also to name road near residence of Ross Turner to property of Paul F. Kavanagh "Bennington Battle Trail."

9. To see if the Town will vote to purchase 500 feet of 2½" hose, also two Scott Air Paks for use of the Wilton Fire Department and raise and appropriate money for the same or take any action relating thereto.

10. To see if the Town will vote to raise and appropriate \$300.00 for the tarring of the Town Road running in front of the Wilton Center Unitarian Church and Grange Hall or take any action relating thereto.

11. To see if the Town will accept the present pond from D. Whiting & Sons on Kennedy Hill for use as a water hole or take any action relating thereto.

12. To see if the Town will vote to buy a small dump truck for the Highway Department at a cost not to exceed \$2207.42 or take any action relating thereto.

13. To see if the Town will vote to adopt the provisions of Chapter 292 of the Session Laws of 1949 relative to playing games of Beano.

14. To see if the Town will vote to allow the Collector of Taxes additional compensation for her services in collecting the state head tax and to fix the amount thereof.

15. To see if the Town will vote to approve the act of the Selectmen in accepting from the State of New Hampshire on July 21, 1952 a deed to the old A. & P. building on Main Street, the land upon which it is situated and the land adjacent thereto, including all the conditions in said deed.

16. To see if the Town will vote to authorize the Selectmen to sell the old A. & P. building on Main Street, the land upon which it is situated and a small portion of the land adjacent thereto at a price to be determined by the Selectmen, provided permission from the State of New Hampshire can be obtained for such sale, and to authorize the Selectmen to use the proceeds from said sale for the purpose of improving the parking area adjacent to the premises so sold, or take any action relating thereto.

17. To see if the Town will vote to extend Town Water Services on Intervale Road from the hydrant near the residence of Stephen Boutwell to and including the house now owned and occupied by James E. Tuttle and on Greeville Road to and including the house owned and occupied by Brooks Pearson, and raise and appropriate money for the same or take any action relating thereto.

18. To see if the Town will vote to raise and appropriate \$200.00 for Accounting Survey for Selectmen's Office or take any action relating thereto.

19. To see what sum of money the Town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, parks and playgrounds, street lighting, municipal court, fire alarm, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, lawn mower for cemetery, interest, bonds, county taxes, Monadnock Region Association, libraries, bridges, sidewalk construction, temporary notes, long term notes, town dump and maintenance, repairs to Town Hall roof, resurfacing, water hole, dog damages, Workmen's Compensation Insurance and Social Security.

20. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 21st day of February, 1953.

GUY M. HOLT,  
WALTER S. FRYE,  
JAMES L. SHELDON,  
Selectmen of Wilton, N. H.

## REPORT OF WATER COMMISSIONERS

During the past year we had to replace a great many services and pipes due to rust filling them and reducing the pressure.

We had to replace the small meter on the chlorinator last summer.

On account of the new road, we had a great deal of expense in moving water mains, hydrants and services to houses.

There were also a few breaks in the water system and also a number of goosenecks had to be replaced.

LYNN W. POTTER,  
NORMAN W. DRAPER,  
JAMES L. SHELDON.

## REPORT OF THE WILTON FIRE DEPARTMENT 1952

Total number of calls answered by the department, 46. Bell alarms 22; and still alarms 24.

American LaFrance Pumper answered 16 calls; Ford Pumper 30; Ford Tank Truck 22; and Chevrolet 6.

We had 9 building fires, 4 chimney fires, 8 grass fires, 5 automobile fires, calls to the town dump 7 times, 2 calls for the resuscitator, 1 call to Lyndeboro, Wilton sent into Milford twice, and Milford sent in for Wilton three times.

The Town Hall and the High School were inspected by the State Inspector in the spring and in the fall. The alarm system is working quite well.

Regular monthly meetings are held the first Tuesday of each month. A program is arranged for each meeting. Deputy Flanagan from the Nashua Fire Department came to three meetings. At the first meeting, he instructed us in the use of different types of fires. The second meeting he demonstrated different types of masks and how to use them. The third meeting was a demonstration held outdoors, in helping in gas and oil fires.

District Chief, Guy Hollis, from the Forestry Department spoke on the forest service. Chief Gavin and Deputy Gray from the Manchester Fire Department spoke on first aid and the use of the resuscitator in their experiences of fighting fires. All other programs are put on by the officers of the company.

I wish to thank the members of the department and deputies for their cooperation.

WILFRID B. BERUBE,  
Fire Chief.

**REPORT OF FOREST FIRE WARDEN — 1952**

In the past year we had times when the fire danger was very bad, and the wood lands were very dry. We were fortunate in not having any trouble.

In the early part of the season we did have small grass fires.

Number of permits issued, 77.

WILFRID B. BERUBE,  
Warden.

Lawrence Paro, Deputy  
Ernest Clark, Deputy  
J. V. Tuttle, Deputy  
Arthur Keilig, Deputy

## REPORT OF HIGHWAY AGENT

In my report this year I will try to give you a brief outline of the amount of work and the locations.

I will start with the Winter Maintenance, which is done in January, February, March, November and December. The winter expenses were quite high as there was a lot of snow during January, February and March. In January we had a total of approximately 22 inches, receiving 12 inches in one storm alone. In February there was approximately 27 inches with a big storm on the 17th and 18th depositing a total of 20 inches, with a strong wind. A storm of this size will cost close to \$1000.00 by the time it is all cleaned up. The cost of moving the snow from Main Street and the parking areas runs into a great deal of money, much of the work having to be done at night. In March we had a total of 15 inches of snow.

It takes approximately 50 tons of salt, which costs approximately \$1000.00. This is quite necessary with the present day travel as it is the only way to keep the ice from the roads.

In November Winter Maintenance is again started with the putting up of the snow fences and putting out the stock piles of sand. The stock piles consist of about 150 cubic yards of sand mixed with about 50 pounds of salt per cubic yard.

We were quite fortunate last November and December to receive very little snow, which helped to keep that part of the Winter Maintenance cost down.

The Summer Maintenance starts in April, May and June with the dragging of dirt roads; cleaning the ditches of leaves. The earlier in the Spring this work is done the easier it is to maintain it during the Summer. The last week in May and the first week in June we put in two new culvert bridges at Kimball Heights of 42-inch cement pipe, doing away with one old wooden bridge and one narrow stone bridge. This completes

the bridges in this part of town, making four new cement culvert bridges there. We have been replacing all the old wooden bridges with cement pipes wherever possible. During June we also put chloride on most of the dirt roads as this keeps them damp with moisture, making the gravel pack and keeping the dust down. During the dry weather we use about 35 tons of calcium-chloride for this purpose at a cost of about \$1000.00, which is taken from the resurfacing appropriation.

In July we do the tarring. Each year we tar about 2½ to 3 miles of road, using between 6000 to 7000 gallons of asphalt. We also do the tarring of private driveways.

During the most part of last August we helped the Wilton Plumbing and Heating Company put in the new sewer from Kennedy Street to the main sewer line on the Island or Greenville road. This sewer was made necessary by the building of the new by-pass road.

During August and September we drag and road machine the dirt roads again if the weather is not too dry. During last August we did a lot of work for the water department as there had to be a lot of new water services put in on lower Main Street and on the Intervale road, where the new road was being built.

In October we built new sidewalks on Prince Street, Tremont Street and the Intervale road as follows: 870 feet by 5 feet on Intervale road or Island; 80 feet by 5 feet on Prince Street; 160 feet by 5 feet on Tremont Street; at a cost of about \$1500.00. They were built of hot-top material.

During the first three weeks in November we worked on the T.R.A. project, finishing up the road leading from upper Dale Street to the Town Line in Lyndeboro, a distance of 1 4/10 miles which was started in 1951. Although this road was tarred before, it was in very bad condition. We scarified this, put on a

good coat of gravel and installed new culverts. I hope to re-tar it this year.

In 1951 we also did a half mile on Pead Hill. I believe that the town roads built out of T.R.A. money should be tarred as the conditions under which these roads have to be built are as follows: they must be built with at least one foot of gravel, and the town must maintain them for at least 15 years thereafter. Although some will say the town cannot afford to tar these roads, on the other hand I cannot see how the town cannot afford to tar them for in the long run it will cost far more to build them over. In the first place if they are not tarred they will require a mixture of clay, gravel and calcium-chloride to keep the dust down and to keep them from getting rough. Calcium must be put on each year around the first of June as most of our roads are on hills and it will be impossible to keep the gravel on them for more than ten or twelve years. And in most places it will take a lot of care to keep them that long. Gravel is also getting very scarce in and around the town of Wilton; most of it has to be transported quite a distance by truck, making the cost of graveling high. Then again, whether we like it or not, the taxpayer and the public are demanding hard surface roads and sooner or later all main traveled roads will have to be tarred. Therefore, why build first class roads with T.R.A. funds and then let them be washed away by the heavy rains.

I recommend in my report this year, as I have done in past years, that the town should appropriate \$1000 each year to help repair some of our back roads which we are not able to use T.R.A. money on. We have quite a number of such roads. There are a lot of roads in town that lead off the main highway which have only one house or farm on them. Some of these places have been purchased by new owners who are willing to spend large sums of money to put them in respectable

condition. The roads leading to these homes are in very bad condition during the mud or spring season. Some of these have year round townspeople living on them and you cannot blame them for wanting a reasonably good road the year round.

The money raised for maintenance cannot be used for these purposes as there is barely enough of this money for the all around maintenance of cutting the brush, dragging, patching, cleaning ditches, and some graveling that has to be done. Out of this money I also have to pay for the upkeep of the equipment, gas, oil, \$360 rent a year for the highway barn, insurance on equipment, and a number of other things.

I have asked for a new truck to replace the one-ton pick-up we now have. This truck is eight years old and has been 110,000 miles, which is a long way in the type of work it has to do. We have to depend on this truck to do our salting and a lot of the back road sanding in the winter months and the patching in the summer months. I have recommended a one-ton truck with a hydraulic dump body, making it much more convenient for this type of work. This truck being a dump body will be all steel without mudguards, which we have found very expensive to maintain as the salt gets between the body and mudguards, causing them to rust off, making new mudguards necessary every year or two.

In closing, I would like to thank all those who have helped the highway department or myself in any way in the past year, whether it be in criticism or praise, as it all helps in one way or another.

LAWRENCE A. GIBBONS,  
Highway Agent.

**REPORT OF OVERSEER OF THE POOR**

Town cases paid on order from	
Overseer of the Poor	\$3484 62
County cases that went through this	
office of Overseer of the Poor	\$868 19

As in other years, a great many people are receiving aid under various classifications, including Old Age Assistance, Aid for Needy Blind, Aid for Dependent Children, and direct State Aid. None of these accounts go through the office of Overseer of the Poor.

JAMES L. SHELDON,  
Overseer of the Poor.

## REPORT OF TOWN AUDITORS

We have completed our audit of the books of the various town officers for the year ending December 31, 1952, and find them correct and in good order.

The tax collector, Mrs. Elna Stevens, has carried on the very good work of her predecessors in collecting taxes. At the end of 1952 there were no uncollected taxes for years prior to 1952. Such a record is accomplished only by hard work and devotion to duty.

The records of the Trustees of the Trust Funds, Judge of the Municipal Court, Water Department, Town Clerk, Tax Collector, Treasurer, Selectmen, and the Trustees of the Wilton Public Library were checked.

The uncollected accounts of the Tax Collector and Water Department have been verified by sending individual notices to each debtor, this being the usual accepted practice. The uncollected overdue water bills are still a problem and we recommend that the Water Department establish a more stringent policy of collecting accounts.

We believe that Wilton is fortunate to have such a fine corps of officers. Each of them appear to know their duties and are willing and anxious to perform to the best of their ability.

There is in the warrant this year an article calling for a survey of the accounting or bookkeeping procedures of the various departments which do not have the necessary records to properly conduct the business of the town. We recommend that this article be approved.

We wish to express our sincere appreciation to the town officers for their cooperation with us during the progress of the audit and especially to Elizabeth French for her very kind and helpful assistance with the detail.

J. ELMER DRAPER,  
SAMUEL G. PROCTOR,  
Auditors.

## Vital Statistics

# Marriages Registered in the Town of Wilton, N. H., for the Year Ending Dec. 31, 1952

## SCHOOL WARRANT

### The State of New Hampshire

To the Inhabitants of the School district in the town of Wilton, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the fourth day of March 1953, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to authorize the School Board to raise a sum of money not to exceed \$15,000 by the issuance of Serial Notes or Bonds, in the name of and on the credit of the District in accordance with Chapter 72, N. H. Revised Laws, this sum to be used for the purpose of installing an automatic sprinkler system in the present high school building. The said Serial Notes to be obtained on such rates and terms as may be deemed advisable by the School Board; or take any action relative thereto.
9. To see if the district will vote to raise and appro-

priate the sum of \$1,071.60 for the purpose of installing a fire escape on the high school building or take any action relating thereto.

10. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Given under our hands at said Wilton this 16th day of February, 1953.

RAYMOND LaPONSIE,  
MILDRED T. PETERS,  
DAVID WRIGHT,

School Board

## SCHOOL BOARD REPORT

The Board would like to express its appreciation to the school faculty, Principal and Superintendent, for the fine work they have done in giving our children the best education possible under what are sometimes difficult situations of space restriction.

The problem of space for the future is what we wish the people of Wilton to bear in mind. It must be solved very soon. The facts are before the Board and we hope will be presented to you in the near future so that you may help us find the answer.

It seems to us that the forward step that we were able to take because of our new elementary building must not be allowed to be set back.

The problems of teaching are heavy enough without the addition of overcrowding and traffic worries.

We know that the people of Wilton will want to do what is best once the facts are made known to them.

Respectfully submitted,

RAYMOND A. LaPONSIE,  
MILDRED T. PETERS,  
DAVID WRIGHT,

Wilton School Board.

## SUPERINTENDENT'S REPORT

To the School Board and Citizens of Wilton:

I respectfully submit my sixth annual report as your Superintendent of Schools.

### Instruction

Your teaching staff is continuing their fine work of instruction in your school under the direction of Mr. Kenneth Sargent, Principal of Wilton High School and Miss Florence Rideout, Principal of Wilton Elementary School. The staff is to be commended for their conscientious work and their sound teaching techniques, ever mindful that as the composition of their classes change, new and revised approaches to their educational needs must be made.

We are still carrying on a complete testing program as explained last year, with the addition of the California Test of Personality. This test is administered each year to grade five youngsters. The function of the test is to reveal the degree to which each pupil is socially and self-adjusted. The teacher is thereby aided in understanding the child and his reactions to certain situations that may arise in the classroom and on the playground. This test acts as a guide for placing the pupil in activities and situations where he will become a well-rounded and adjusted individual.

A new reporting system in the form of a revised report card was introduced this fall, which we feel affords the teacher a more adequate device for reporting the growth and achievement of a child, than was previously used. All systems of reporting a child's progress in school, by use of a **Report Card** are necessarily limited. Thus we attempt to supplement the report card by written notes, telephone conversations, and personal conferences. We are eager to have parents consult with us so that we may arrive at common understandings and do the best work possible for your children.

The teaching of thrift has been particularly emphasized this past year and it is planned to continue this program. This has been taught through the School Savings Program. One day each week, time is provided for youngsters to purchase stamps ranging in denomination from 10c to \$1.00. This is a voluntary program. The stamps are placed in a booklet and when the booklet is filled, by having the equivalent of \$18.75, a defense bond is purchased. The Wilton children in grades 1-7 saved \$1,510.45 during the school year 1951-52 via this method. The total savings in Supervisory Union No. 63, during this same period amounted to \$3,323.50.

The Wilton School Department has been working closely with Keene Teachers College Cadet Teaching Program. At the present time three teachers are being taught and supervised by our staff; Miss Margaret Bullard is working with Mrs. Frances Pellerin; Miss Janet Falcetti is working with Miss Florence Rideout and Mrs. Margaret Center is working with Miss Mary Hurley and Mrs. Helene Greene. Our supervising teachers have been highly commended for the work they are doing with these student teachers.

### **Music Education**

Miss Edwards' report adequately surveys the music program of the school.

The music room, in the High School buildings has done much to stimulate interest in the music program. While it is not ideal from an accoustical point of view it does provide a special classroom for this activity; adequate storage space for instruments and equipment; and a musical atmosphere. It will be with much regret that we shall have to move all musical activities again to the Auditorium next year to provide space for classrooms. This is a poor arrangement, educationally and administratively, but it is the best we can do under the present circumstances.

## **Health Supervision**

Mrs. Edna Gilbert has continued to competently supervise our school health program. The major emphasis this past year has been in the area of oral hygiene. Her report indicates the manner in which we have been working with the State Dental Health Department; the Wilton Parents-Teachers Association and the local doctors.

We have been comparatively free from epidemics and infectious diseases. This is due largely to the excellent cooperation we have received from the local health authorities and the parents.

## **Lands and Buildings**

Each year improvements are made to the school plant and to the surrounding land areas which improves the efficiency and appearance of the plant. Last year we continued our painting program in two classrooms and installation of fluorescent lighting in one.

Two sets of bleachers were installed in the auditorium, providing more adequate seating facilities for our athletic contests and other activities. The School District purchased one set and the high school pupils, through their athletic fund, purchased the other. The installation was made by members of the staff and interested parents. At the present time we have three sets of bleachers — the third having been purchased and given to the school by the Bent-Burke, American Legion Post.

The major improvement on the grounds was accomplished by tarring over the parking area. This has eliminated a mud situation which was more or less constant during the fall and spring seasons.

This year it is planned to continue our painting program by painting one room and touching up others as needed; continue our fluorescent lighting program in one room; re-tar parking area and play area adjacent to it and to install snow rails on old building to safeguard the children from falling snow. We have also

provided in the budget a sum of money for the purchase of another set of bleachers for the auditorium.

The time will soon arrive when some thought should be given to re-decorating the auditorium so that it will measure up in appearance to the new elementary building attached to it. Our most recent estimate for this work is \$1000. This item is not included in this year's budget.

### **School Lunch Program**

Our school lunch program is continuing to operate efficiently under the capable management of Mrs. Marjorie Robbins, assisted by Mrs. Esther Kennedy, Mrs. Veronica Robbins and several student assistants. The financial details of the program are contained in another part of the School Report. The revision in prices and the additional foods made available to the program by the Federal School Lunch Program, has made it possible to improve the quantity and quality of the lunches served.

### **School Enrollment Problem**

Some thought should be given to the problems of expanding school enrollments in the Wilton Public School. Space does not permit a thorough discussion of this situation, however, between now and the next March meeting several meetings will be held to explain the problem and to determine what action the citizens of Wilton desire to take. In brief the situation is as follows:

This fall we were faced with a first grade enrollment of forty-four pupils. Consequently it was necessary to employ a full time assistant in the first grade. Our October School Census figures indicate that next year we shall have at least fifty-four pupils entering the first grade. In order to provide the necessary room to accommodate these youngsters and to provide a sound educational program, the fourth grade will be moved to the old building occupying the space now

being used as the music room; Grade 2, which will have been reduced some by drop-outs and retentions, will be moved to the present fourth grade room, and two first grade groups will be housed in the present first and second grade rooms. The present third grade room will continue to house the third grade. This is the beginning of a constant shuffling of pupil personnel so that the most adequate housing facilities can be obtained.

A careful analysis of school space has been made by your School Board and Superintendent. It appears at this time, that by the March meeting of 1954, some action will be necessary to provide an additional two rooms to the present elementary unit so that the expanding enrollments in the elementary and secondary school can be properly housed. It is interesting to note that the junior high enrollment will increase from the present 85 to 134 in 1959-60, and the high school enrollment will increase from the present 108 to 246 in 1963-64. While these dates seem to indicate that our solution need not be arrived at for several years, the fact remains that we will have a full building next year and in 1954-55 our building will not be able to properly handle the number of pupils that we shall need to house.

Looking into the future and trying to foresee our building and educational needs, we recommend that:—

- (a) By fall of 1954-55 two more classrooms be added to the present Elementary Building.
- (b) An all-purpose room be added to the cafeteria — auditorium, providing expansion space for the school lunch program, music and activities program.
- (c) In the not too distant future more adequate shop space be added so that our present program can be supplemented by machine shop work, automotive mechanics and electricity as well as taking care of the increasing number of

boys who will be interested in the present shop and mechanical drawing program.

### **Special Articles**

The two special articles coming before the voters of the school district this year have reference to the safety of the children and school property. A recent survey by the State Fire Marshal's office was conducted and the following statement made, "In regard to the Wilton High School as to the inspection made on May 1, in the presence of Chief Berube and yourself, we wish to state that this building is classed as a three-story structure, and if the attic is used, it is then classed as a four-story structure. Therefore, fire escapes or a complete sprinkler system throughout the building is required." Accordingly, the School Board has made a study of the two propositions and obtained estimates on each. The details will be discussed at the annual district meeting.

### **State Aid**

The Wilton School Board received a check for \$2,387.45 as the district's allotment of the state aid for the school year 1952-53. This may be compared to the \$732.77 received last year. This increase was due to the larger school enrollment experienced in the year 1951-52. It will be observed that \$2,000 of this sum has been included as a part of the income that will be used to reduce the assessment for 1953-54.

### **Conclusion**

I am indeed grateful for the continued support I have received this past year from the Wilton School Board, teaching staff, parents and friends, in supervising and administering the district's educational program. As we all work together we shall be better able to serve the children of Wilton.

NEWELL J. PAIRE,  
Superintendent of Schools.

## STATISTICS FOR SCHOOL YEAR ENDING JUNE 30, 1952

School	Boys	Girls	Total	Average Membership	Average Attendance	Percent of Attendance	Total Tardinesses	Tardinesses Per Pupil
High School	57	65	122	113.60	106.5	93.7	195	1.60

## PRINCIPAL'S REPORT

### Introduction

During the past few years, the quality of instruction and overall program of your High School have continued to improve. The concerted effort of the entire school staff, ably supported by the supervision of Mr. Paire, has made this continuing improvement possible. These improvements have been made in spite of disruptions caused by personnel changes.

### Changes in Staff

During the past year the changes which have been made are as follows: Miss Jean Baker was added to our staff to replace Mr. Maurice V. Boulay who turned his talents to the field of salesmanship. Miss Baker, a recent graduate of Plymouth Teachers' College has a very sound background in Mathematics and is teaching Solid Geometry and Trigonometry, Algebra I, General Mathematics, Junior Business and English IX.

Miss Cecille Richards, desiring to live at home, accepted a teaching position in a private school in Manchester, and was replaced by Mr. Ralph Ghetti. Mr. Ghetti has come to us with a sound background in languages gained at the University of Ohio and Harvard University.

Mr. Raymond Bissonette was added to our staff to replace Mr. James Trefry who left the profession to go into business as a caterer. Mr. Bissonette taught Sciences and Mathematics at Orford, New Hampshire after graduating from St. Anselm's and Plymouth Teachers' College. He is teaching Physics, Plane Geometry, and Science VIII, as well as operating our expanding Audio-Visual Department.

Mr. Ira Stickney, answering the knock of opportunity, regretfully left our staff in November of this past year to become principal at Andover High School in New Hampshire. We were very fortunate in having this vacancy filled by Mr. Joseph Gallagher, a graduate

of St. Anselm's and Boston University, who is teaching Social Studies, Mathematics VIII and High School Guidance.

Other members of the staff continue in fields they have ably taught in the past: Mrs. Dorothy Vigue in the Home Economics Department, Mr. George Mailman in Shop Work, Miss Mary Hurley in Junior High School Social Studies, Mrs. Helene Greene in Junior High School English and Mathematics, Miss Ruth Lange in the Commercial Department, Miss Ethelyn Edwards in the Music Department, and Mr. Kenneth Sargent in Biology and Junior High School Guidance.

### **Program Changes**

Each year an effort is made to improve your school and have it better fit the needs of the pupils of Wilton. Two major changes in our curriculum have been made during the past year. Feeling the ever-increasing need for Guidance in school for young people, courses meeting once a week have been scheduled for grades 9-12. This means that a weekly course in Guidance is required in each grade of school. The commercial program of your school has improved by the addition of a course at the ninth grade level in Junior Business.

This year finally saw the culmination of a several year program to improve the method of reporting to parents. This new reporting card was initiated in grades seven and eight, and will continue with these pupils and all new pupils entering our school. The staff feels that this new card reports the child's overall development in a most commendable manner.

### **Language Arts**

Each year, while efforts are made to maintain the improvements of the past, special efforts are directed to areas in our school worthy of improvement. The strengthening of our overall English program is being emphasized this year. Each teacher has had a part of this program, penmanship is being taught regularly

in Junior High School English classes. All teachers are emphasizing, wherever possible in their courses, spelling, sentence structure and punctuation. In many classes weakness of speech are being corrected through the use of the tape recorder.

The high point of this program will evidence itself in a teachers' workshop in Language Arts for Union No. 63. The purpose of this workshop will be to help teachers do a better job of teaching language arts in your school.

### Conclusion

The continued physical improvement of your school through improved lighting, pleasingly painted rooms, and modern educational supplies has helped immeasurably to create the pleasant atmosphere at Wilton High School. In such an atmosphere, education is an enjoyable experience for child and teacher.

In behalf of the school staff, I want to thank you, the citizens of Wilton, for continuing to show tangibly your interest in your school. Such interest by citizens stimulates the faculty to measure up to your expectations, and to try in every way to give you a school of which you may be rightly proud.

Continued understanding from the School Board, suggestions and assistance from Mr. Paire are greatly appreciated. It is hoped that with the continued help of all, interested in education in Wilton, we can continue to improve and develop your school, so that it may serve best the needs and purposes of the community.

Respectfully submitted,  
KENNETH A. SARGENT,  
Principal.

## MUSIC SUPERVISOR'S REPORT

It is with pleasure that I submit the following report of the work of the Music Department of the Wilton Public Schools.

The music course as established in the first six grades is divided into four types of instruction, singing, music theory including note reading, instrumental and appreciation or music understanding. With the use of our basic text, the children sing many beautiful songs which make a background for all other instruction. Two part singing is enjoyed in the fifth and sixth grades. The prescribed course of theory is carried on and at the end of the six years, the children have a good knowledge of the basic fundamentals of music. The annual Grade School Music Festival is the big event of the year for these grades.

The instrumental program begins in the first grade through the work of the Rhythm Band. This continues through the second grade and the first of the third year. In this grade, the Xylophone is used in conjunction with the Music Work Books. The song flutes are used in the fourth, fifth, and sixth grades. The children enjoy these and I believe this is an excellent experience in music reading and group performance.

The standard instrumental classes are open to any students from the third grade up and at present there are over fifty students in these classes. I think the young people are very interested and we are all looking forward to the day when we will have a Wilton School Band in uniform.

This group, however, needs more time for instruction as one period a week is inadequate for this work. The annual Instrumental Concert in the spring is the big event for this group.

The seventh and eighth grade classes devote much time to two and three part singing with special attention being given to the changing voice of the boys.

Many composers' and artists' lives and works are studied and the project of the year is their Musical Scrap Book. Of course, the event of the year is the Junior High School Operetta which gives all an opportunity to use their talents and appear before the public.

In the High School there are two music groups: the choir and the glee club. Both are elective. The choir is a group of advanced pupils who especially enjoy singing and more advanced choral material is used in this group. The glee club is open to any who wish and nearly sixty elected this course this year. The two groups are combined for the annual Christmas Pageant, the Spring Concert and the Graduation music.

One of the contributing factors to the success of the music department is the music room where the classes can meet in a musical atmosphere and space is available for the music equipment. With the growth of the instrumental groups, it is very necessary to have a safe place for the instruments and music.

In closing I wish to express my sincere appreciation to all who have assisted in any way in the carrying on of this important work.

ETHELYN G. EDWARDS,  
Music Supervisor.

## REPORT OF SCHOOL NURSE

In November and December 1952, 387 pupils were given physical examinations by Doctor P. B. Macomber, 59 for basketball.

### Defects Noted:

Teeth, one or more defective	101 pupils
Tonsils:	
Enlarged	9
Defective	2
Tonsilar polyps	3
Glands:	
Enlarged non toxic Thyroid	1
Enlarged cervical glands	1
Hearts:	
Functional	13
Organic	1
Rapid	2
Enlarged	1
Skin:	
Dermatitis	1
Acne Vulgarius	1
Keyloid Acne	1
Keyloid Scars	2
Dry skin	1
Granuloma	1
Infected nostril	1
Ears:	
Mild middle ear infection	1
Running ears	2
Chests:	
Recurrent bronchitis	1
Asthmatic history	5
Chest deformities	2

By Nurse: Group Audiometer Tests were given in May 1952 to Grades three through twelve. Found to have probable hearing defects, 6. Follow up advice or treatment by physician, 5.

### Vision Tests Calendar Year 1952

Telebinocular Tests	295
Corrected with glasses, distance and reading vision	46
Lesser corrections with glasses	6
No vision one eye, 2; wearing glasses	1
Cataracts — wearing glasses	1
Defective vision not wearing glasses	11
Waiting appointments	2
Snellen Test — Grades 1 and 2	71 pupils
New defects found	2
Corrected new defects	2
Previously wearing corrective glasses	4

### Contagious Disease Record

Measle Epidemic — Spring of 1952	51 cases
Scarlet Fever — December 1952	8 cases
(school children)	
Known contacts excluded	7
Pediculosis, 5 pupils excluded; treated by parents and returned to school.	

### First Aid Program

Minor playground and shop injuries have been prevalent this year calling for First Aid.

Daily personal inspections are being made and home or telephone calls for the usual reasons.

Verbal or written reports are made to Mr. Paire or teacher concerned, as indicated.

One pupil made two visits to Community Council Behavior Clinic, Nashua. Report and recommendations received were forwarded to the town where child now attends school.

### Telebinocular

We have found the telebinocular as satisfactory as we had hoped. It has demonstrated every vision defect apparent with Snellen Method and many others, especially in reading vision and eye strain.

### **P. T. A. Sponsored Dental Clinics**

In March, 1952, pupils in grades 1 and 2 and newcomers into our system, who had not previously been treated, were given the Fluorine Series by technician provided by Dr. Dwyer of State Dental Society — at no expense to the individual. The sponsor was required to pay a nominal fee for the technician's board and room. The fifty dollars raised last year by P. T. A. was matched by Federal Funds, giving us one hundred dollars. Unused from Mr. John Shea's penny sale was sixteen dollars. Total \$116.00 available for dental clinic in November 1952.

Dr. Thomas Kelly, whom Dr. Dwyer found for us, worked for \$5.00 an hour. He gave us good measure of time and accomplished a surprising volume of dentistry in the five days he was with us.

35 extractions    43 fillings    38 with Novocaine

Dr. Kelly also contributed time and materials to make a denture for a pupil in need of it.

I truly hope that in the near future we may do a repeat on our recent dental clinic and that Dr. Dwyer can provide another competent young dentist and that funds will be available.

### **Audiometer**

Mr. Paire and I attended a Superintendents' and School Nurses' Work Shop at Jaffrey, N. H., December 8. Out of it comes the information that group audiometer testing is now not considered to be the most effective means of testing hearing even though it does screen out certain defects. The State Department of Education recommends that a more accurate testing should be given to provide the proper screening for educational purposes. This can be done with a Maico Audiometer. It is hoped that in the near future this machine will be made available to our department.

EDNA J. GILBERT, R.N.  
School Nurse.
